

THIN-FILM SOLAR MODULES

ECOSol Solar Modules

Economical design
Single glass lamination
Source of small power renewable energy
Low profile mounting system
Lightweight
2m connection leads

Specifications

Model	EcoSol 201	EcoSol 101	EcoSol 101/2	EcoSol 101/3
Maximum Power	20 W peak	10 W peak	4.5 W peak	3 W peak
Max Current @ 14.5V	1340r	670m.	300	200 mA
Open cct volts	22V	22V	22V	22V
Short cct current	1740	870 r	430	280 mA
Length	935m	935m	470r	315mm
Width	665m	335m	335r	335mm
Depth	21mm	21mm	21mm	21mm
Weight	5.4kg	2.8kg	1.7kg	1.1kg

Electrical values have a 20% tolerance
Specifications are subject to change without prior notice

Further Mini-modules can be made on request, for various current and voltage requirements below nominal 600mA and 12V respectively
